INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Houston Humane Society Houston, Texas

We have audited the accompanying financial statements of Houston Humane Society (a nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Houston Humane Society as of December 31, 2018 and 2017, and the changes in net assets, functional expenses, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1: Nature of activities and significant accounting policies

Nature of activities

The Houston Humane Society (the "Organization") is a nonprofit organization incorporated July 1958. The Organization, through leadership, education and action, seeks to prevent cruelty to all living creatures, relieve the suffering of animals, and provide educational programs to the general public regarding animal welfare. The Organization is located in Houston, Texas and provides animal care services for several surrounding counties. The Organization's primary sources of revenues are public and private contributions and service fees (clinic and shelter services).

Significant accounting policies

Basis of presentation

The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and follows the guidance of the Financial Accounting Standards Board ("FASB") related to financial statements of not-for-profit organizations. Accordingly, net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. The net assets of the Organization and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreements with outside parties. The Organization had net assets without donor restrictions of \$18,802,723 and \$18,893,775 as of December 31, 2018 and 2017, respectively.

Net assets with donor restrictions— Net assets subject to donor-imposed stipulations. Net assets with donor-imposed restrictions include net assets that are either (i) restricted until the donor-imposed stipulation has been met through the passage of time and/or by actions of the Board of Directors, or (ii) expected to be maintained in perpetuity. When a purpose restriction is accomplished or a time restriction ends, net assets with donor restrictions are released to net assets without donor restrictions. The Organization had net assets with donor restrictions of \$2,939,962 and \$3,344,783 as of December 31, 2018 and 2017, respectively.

Cash and cash equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents exclude restricted cash and cash equivalents.

Contributions

Contributions received are recorded as contributions without donor restrictions and contributions with donor restrictions depending on the existence or nature of any donor restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions, if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted contributions are reported as net assets with donor restrictions, depending on the nature of the restrictions.

NOTE 1: Nature of activities and significant accounting policies (continued)

Significant accounting policies (continued)

Contributions (continued)

Endowment contributions and investments are restricted by the donor. Investment earnings available for distribution are recorded in net assets without donor restrictions. Investment earnings with donor restrictions are recorded in net assets with donor restrictions.

Conditional promises to give are not recognized in the financial statements until the conditions are substantially met or explicitly waived by the donor. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue.

Management determines the amount necessary to provide as an allowance for uncollectible promises to give based on its evaluation of potential uncollectible contributions receivable at year-end. No allowance for uncollectible promises to give was considered necessary at December 31, 2018 and 2017.

<u>Investments</u>

Investments are composed of equity mutual and index funds, equity securities, fixed income bond funds and certificates of deposit and are recorded at fair market value. The realized and unrealized gains and losses on these investments are reflected in the statement of activities.

Impairment of long-lived assets

The Organization reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairments were indicated in 2018 or 2017.

Property and equipment

Donated furniture and equipment owned by the Organization is recorded at fair market value at date of contribution. All purchased furniture and equipment is recorded at historical cost.

Depreciation of property and equipment is provided using both straight-line and accelerated methods over the following useful lives:

<u>Assets</u>	<u>Years</u>
Automobiles	5
Furniture and fixtures	5 - 15
Computer equipment	3 - 7
Machinery and equipment	5 - 7
Buildings and improvements	15 - 39

NOTE 1: Nature of activities and significant accounting policies (continued)

Significant accounting policies (continued)

Property and equipment (continued)

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation and amortization expense for the years ended December 31, 2018 and 2017 were \$312,953 and \$268,896, respectively.

Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Recent Accounting Standards

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which supersedes nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of ASU No. 2014-09 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled to those goods or services. ASU No. 2014-09 defines a five-step process to achieve this core principle and, in doing so, more judgment and estimates may be required under existing U.S. GAAP. The standard is effective for annual periods beginning after December 15, 2017, using either of the following transition methods: (i) a full retrospective approach reflecting the application of the standard in each prior reporting period with the option to elect certain practical expedients, or (ii) a retrospective approach with the cumulative effect of initially adopting ASU No. 2014-09 recognized at the date of adoption (which includes additional footnote disclosures). In July 2015, the FASB issued ASU No. 2015-14 which delayed the effective date of ASU No. 2014-09 by one year (effective for annual periods beginning after December 15, 2018). Management does not anticipate that the standard will have a material impact on the financial statements, other than enhanced disclosures related to the disaggregation of revenues from contracts with customers, performance obligations and any significant judgments.

In August 2016, the FASB issued Accounting Standards Update ("ASU") No. 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*, which changes presentation and disclosure requirements for not-for-profit entities in order to provide more relevant information about the resources (and changes in those resources) to donors, grantors, creditors, and other users. The changes include more qualitative and quantitative requirements about its liquidity, financial performance, and cash flows. ASU No. 2016-14 is effective for annual financial statements issued for fiscal years beginning after December 15, 2017 and should be applied on a retrospective basis. The adoption of ASU 2016-14 is reflected through the classification of net assets in two groups (i.e., net assets with donor restrictions and net assets without donor restrictions) based on the existence or absence of donor-imposed restrictions, as well as more qualitative and quantitative requirements about its liquidity, financial performance and cash flows.

NOTE 1: Nature of activities and significant accounting policies (continued)

Significant accounting policies (continued)

Donated materials and services

The Organization records donated materials as contribution revenue in the period received at fair market value at the date of the gift. Contributed services of professionals are recognized as in-kind contribution revenue at their estimated fair value if they require specialized skills which would need to be purchased if they were not donated. In-kind donations included in contribution revenue at December 31, 2018 and 2017 totaled to \$38,123 and \$403,216, respectively, for food and supplies.

The Organization receives a significant amount of donated services from unpaid volunteers who assist in fund-raising and program activities. These donated services do not meet the criteria for recognition required by accounting principles generally accepted in the United States of America and are not reflected in the accompanying financial statements.

Functional allocation of expenses

The costs of the Organization's various programs and supporting services have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Federal income tax

The Organization has been granted tax-exempt status by the Internal Revenue Service under Internal Revenue Code Section 501(c)(3). The Organization has unrelated business taxable income but sustains losses and has a net operating loss carryover. Accordingly, the Organization's financial statements do not include a provision for Federal income taxes.

In 2009, the Organization implemented the provisions of ASC Topic 740-10, *Income Taxes* which clarifies the accounting for uncertainty in income taxes. The Organization concluded there were no uncertain tax positions that result in material unrecognized tax benefits.

Use of estimates

The preparation of the Organization's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during each reporting period. Actual results could differ from those estimates.

Advertising

The Organization expenses advertising costs as incurred. Advertising expense was \$21,495 and \$14,454 for the years ended December 31, 2018 and 2017, respectively.

NOTE 2: Investments

In accordance with accounting guidance, fair value is defined as the price that the Organization would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. Various inputs are used in determining the value of the investments. A three-tier hierarchy of inputs is used to establish a classification of fair value measurements and disclosure. The three-tier hierarchy of inputs is summarized below:

- Level 1 quoted prices in active markets for identical securities
- Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Level 1 inputs- The fair value of the organization's mutual funds, common stocks, corporate bonds, and fixed income securities are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 inputs- The fair value of certificates of deposit is based on yields for security of comparable maturity, quality, and type as obtained from market makers, which are observable inputs other than the quoted market prices.

Level 3 inputs- The fair value of hedge funds, real estate backed investments, and commodities are determined through consideration of the net asset values provided by the fund manager and other market factors. Other factors include, but are not limited to, estimates of liquidation value, prices of recent transactions in the same or similar funds, current performance, future expectations of the particular investment, and changes in market outlook and the financing environment.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of December 31, 2018:

NOTE 3: Liquidity and availability of financial resources

The following reflects the Organization's financial assets as of December 31, 2018 and 2017, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the financial position date. Amounts not available include amounts restricted for a donor specified purpose.

	2018	2017
Financial assets, at year-end	\$ 12,112,199	\$ 12,756,381
Less those unavailable for general expenditure within one year, due to contractual or donor-imposed restrictions: Restricted by donor with time or purpose restrictions	2,939,962	3,344,783
Financial assets available to meet cash needs for general expenditures within one year	\$ 9,172,237	\$ 9,411,598

The Organization is substantially supported by individual contributors in the form of one-time donations, bequests which usually come from individuals who have previously adopted animals from the Organization or have another personal connection to the Organization, and fundraising events held at various times throughout the year. Other revenue sources include in-kind contributions from sponsor companies and other restricted contributions from major donors.

NOTE 4: Endowment

The Organization's endowment consists of a memorial fund in the name of Royce Clark and Gordon Watson at JPMorgan Chase Bank, N.A. The income from the fund is restricted to the funding of special events and other non-routine expenditures.

Interpretation of relevant law

The Organization has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate endowment funds with donor restrictions:

- (1) The duration and preservation of the fund
- (2) The purposes of the donor-restricted endowment fund
- (3) General economic conditions

Fund

- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments

Without

- (6) Other resources of the Organization
- (7) The investment policies of the Organization.

Endowment net assets consist of the following at December 31, 2018:

Fund with deficiency

From time to time, the fair value of assets associated with individual endowment funds with donor restrictions may fall below the level that the donor or SPMIFA requires the Organization to retain as a fund of perpetual duration. There was no deficiency as of December 31, 2018.

Return objectives and risk parameters

The Organization has adopted investment and spending policies for endowment assets that seek income and capital growth as well as preservation of principal. It is intended to have an average level of risk and may experience moderate levels of volatility.

Strategies employed for achieving objectives

To satisfy its investment objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending policy

The Organization's spending policy is to spend all amounts above the restricted endowment amount on expenditures allowed by the endowment. Typically, the Organization withdraws the excess amounts from the investment endowment assets once a year.

NOTE 7: Merchandise sales

Merchandise sales include items sold through the Organizations' clinic and shelter retail store. The revenue generated from merchandise sales is available for program expenses.

NOTE 8: Related party transactions

From time to time, the organization purchases goods and services from businesses that are owned or operated by employees and or members of their respective board. There were no transactions during the years ended December 31, 2018 and 2017 that were material to the financial statements. These transactions are done at arm's length and at market rates (that are sometimes discounted). The board has in place a conflict of interest policy that requires disclosure of any Board member that may do business with the organization, and the board members are not allowed to participate on any purchase decisions by the organization involving their respective business.

NOTE 8: Related party transactions (continued)

The treasurer of the Board of Directors owns an accounting firm which provides monthly accounting, compilation services, and tax preparation for the Organization. Fees for these services totaled \$13,772 and \$11,010 for the years ended December 31, 2018 and 2017, respectively. A family member of the treasurer of the Board of Directors received fees for the sale of a software and services totaling \$4,954 and \$2,809 for the years ended December 31, 2018 and 2017, respectively.

Family members of the president of the Board of Directors received commissions for insurance sales and referrals related to the Organization's property, casualty, and health insurance policies. Fees for these services totaled \$14,814 and \$13,173 for the years ended December 31, 2018 and 2017, respectively.

The secretary of the Board of Directors owns a veterinarian clinic which provided veterinarian services to the organization and was paid \$20,500 and \$22,750 for the years ended December 31, 2018 and 2017, respectively, for these services.

NOTE 9: Operating leases

The Organization leases certain office equipment. Total lease expense amounted to \$20,091 and \$6,143 for the years ended December 31, 2018 and 2017, respectively.

Future minimum rental payments under the noncancelable operating leases are as follows at December 31:

2019	\$ 9,469
2020	12,636
2021	12,636
2022	12,636
2023	 2,107
	\$ 49,484

NOTE 10: Concentrations of credit risk

The Organization is subject to concentrations of credit risk primarily with respect to its cash and investments. As of December 31, 2018, the Organization had \$1,755,286 of cash over the Federal Deposit Insurance Corporation insured limit. The Organization also deposits cash in money market funds accounts that invest in U.S. government or other highly rated securities but are not insured by FDIC. At December 31, 2018, uninsured balances held in money market funds accounts totaled \$111,984. It is the policy of the Organization's management to continually evaluate the underlying strength of its financial in titutions.

Investments consist primarily of certificates of deposit, foreign and domestic corporate stocks, which could subject the Organization to losses in the event of general downturns in foreign or U.S. stock markets. The Organization has reduced its risk related to common stock through diversification into investments in a variety of industries.

NOTE 11: 403(b) Thrift Plan

The Organization has a 403(b) Thrift Plan to provide retirement benefits for its employees. Under the Plan, all employees are eligible to contribute pre-tax dollars to a retirement plan for their future benefit and include an employer-matching component. Participants employed two years or more who have attained age twenty-one will receive the lesser of (a) fifty percent (50%) of their contributions to the Plan or (b) five percent (5%) of their compensation received during that plan years. During the year ended December 31, 2018, the Organization amended the plan document and contributions (based on years of service) will be based on a table ranging from 50% - 120% limited to 10% of compensation. Employer contributions to the Plan were \$34,193 and \$23,824 for the years ended December 31, 2018 and 2017, respectively.

NOTE 12: Deferred taxes

The Organization is required to file a Form 990-T related to one of their programs. The activity has sustained losses in the past that have resulted in a net operating loss of approximately \$364,961. Based on a tax rate of 21%, the following is a summary of the deferred taxes at December 31, 2018 and 2017:

	 2018		2017
Deferred tax asset	\$ 76,642	\$	80,509
Valuation allowance	 (76,642)		(80,509)
	\$ -	\$	-

Management has determined that the valuation allowance should be the entire balance based on the continuing net operating losses of this program.

NOTE 13: Commitments and contingencies

The Organization is subject to certain loss contingencies, such as litigation, arising in the normal conduct of its activities. In the opinion of the Organization's management, the liability, if any, for such contingencies will not have a material effect on the Organization's financial position.

NOTE 14: Subsequent events

The Organization has evaluated subsequent events through the issuance of the financial statements, which occurred on September 27, 2019.
