## Health Protocols for Summer Companion Camp

Houston Humane Society adheres to the health protocols for Texas as announced by Governor Greg Abbott. The following are the camp health protocols for all individuals attending Summer Companion Camp. All individuals are required to follow protocols to help protect the health and safety of all campers, staff and animals.

### Health protocols for day campers & counselors:

- When and if informed by the camp operator that a child at camp has tested positive for COVID-19, the parent or guardian may choose to either pick up their camper or to let the camper remain and trust the camp to take appropriate safeguards.
- Be aware of the enhanced risks of participants being in direct contact with anyone age 65 or older for 14 days after the end of the camp session.
- Upon arrival to camp, campers' & counselors' temperatures will be taken using a non-contact infrared thermometer. Those with temperatures over 100.4 degrees Fahrenheit will be sent home.
- Before attending, upon arrival, and at least daily while at camp, the camper should be screened by parents for any of the following new or worsening signs or symptoms of possible COVID-19: Cough, Shortness of breath or difficulty breathing, Chills, Repeated shaking with chills, Muscle pain, Headache, Sore throat, Loss of taste or smell, Diarrhea, Feeling feverish or a measured temperature greater than or equal to 100.4 degrees Fahrenheit, Known close contact with a person who is lab confirmed to have COVID-19
- Wash or sanitize hands at regular intervals, including before and after every meal and activity. Increased sanitation measures such as individualized camper materials are in place.
- Campers cannot attend if anyone in their household has, or was tested positive within the last 14 days.
- Counselors are required to wear masks all day and wear gloves when handling camp materials and cleaning.
- Limit of **15 campers** per week.

## Health Protocols for Summer Companion Camp

Health protocols for parents or guardians:

- Do not visit the camp during camp sessions, except to drop-off and pick-up campers.
- Maintain a separation of at least 6 feet from individuals not within the household during camper drop-off and pick-up.
- Remain in the vehicle at camper drop-off and pick-up, if possible.
- No tours of the camp at camper drop-off or pick-up.
- If entering the building, a mask and social distancing is required.
- Campers confirmed to have COVID-19 may not return to the current camp session or other camp sessions until all three of the following criteria are met: at least 3 days (72 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications); and the individual has improvement in symptoms (e.g., cough, shortness of breath); and at least 10 days have passed since symptoms first appeared.
